

Frequently Asked Questions

Question: How do I put in a request to clear the snow from the Taxiway in front of my hangar?

Answer: Contact the Airport Manager's at 662-436-6122. All requests will be handled first come, first serve. *Requests must be made to the Airport Manager and will be handled according to the priority schedule.*

Question: I am a county hangar tenant, will Airport staff clear the snow all the way to my hangar door?

Answer: Airport staff will clear snow with in 5 feet of the hangar entrance.

Question: I am in a privately owned hangar on the Airport, will staff clear the snow on my ramp space?

Answer: We will assist you in snow removal from your ramp if you request assistance by calling the Airport Manager at 662-436-6122. *All requests will be handled first come, first serve and will be handled according to the priority schedule.*

Question: Is there a way I can check the Airfield conditions before I drive over?

Answer: Yes, during office hours you can call us at 662-369-4800. The AWOS at 662-369-3498 also has weather updates. In addition check NOTAM's for winter obstacles or closures at the Airport.

County
Airport**

Snow Removal Operations at Monroe County Airport

Snow Removal Priorities

1: Runway 18/36

2: Parallel Taxiway and the Connector Taxiways at each end.

3: Mid-Field Connector Taxiway, Terminal Area Ramp and County Facilities *(All the snow on the ramp area is pushed to the designated stockpile locations on Winter Operations Map.)*

4: Last remaining Connector Taxiways and the Major Taxiways. *(The snow is placed at the ends and in-between the hangars.)*

5: Once all of the **PRIORITY AREAS 1-4** have been cleared, Airport Staff will direct their attention to any Airport businesses.

6: Anyone who may have requested the area in front of their hangar cleared. *(Snow is removed up to 5 feet from the entrance)*

7: Finally all remaining Taxilanes will be cleared.

Please note : At any point, snow conditions could result in returning to priority number one .

You can check out the full snow removal policy and map on our website: www.airport.monroems.com or stop by the Airport Manager's office .

Please remember: Any outside contractor utilized by a tenant, for snow removal, is subject to Airport Rules and Regulations. You must notify Airport Management before snow removal to ensure coordination and adherence to regulations

The Airport Manager is responsible for determining when snow removal operations are necessary. This is based on forecasted

weather reports and accumulation of at least two (2) inches of snow.

Management will continuously check the runway for snow depth, slush and braking.

A NOTAM (Notice to Airmen) will be issued when any conditions exist that could present a hazard to aircraft operations. If the conditions persist to the point of Aircraft safety, the Airport Management can choose to close the field until operations are back to safe conditions.

Weather conditions can be checked through the AWOS. To hear current weather conditions the AWOS may be reached at 662-369-3498.
